**CHASCo’s Mission** is to connect and support institutions of higher education in Tennessee to address campus health and safety issues. **We do this by providing:** professional development & networking opportunities, assessment tools, resources and funding for evidence-based programming, & research on prevention best-practices

**Vision:** The Coalition for Healthy and Safe Campus Communities (CHASCo) will be recognized nationwide as a model for effective state-wide coalitions of institutions of higher education addressing campus safety prevention issues. Our members will consistently utilize evidence-based strategies on their individual campuses to reduce high-risk drinking behavior, drug use, and incidents of violence among Tennessee’s college and university students.

**CHASCo Subcommittee Descriptions:**

All CHASCo liaisons will be asked to participate in subcommittee work groups as needed.

- **The Programming Subcommittee will** provide evidence-based suggestions for developing and implementing prevention programs, assist the CHASCo Director in reviewing social norm campaigns, and serve as a resource for other campuses across the state.
- **The Membership Subcommittee will** develop and disseminate information necessary to recruit new CHASCo member institutions and reengage members that are not in good standing.
- **The Professional Development Subcommittee will** identify contemporary issues in AODV and solicit member feedback to inform training offerings, develop diverse CHASCo training opportunities as appropriate; and facilitate the development and delivery of the membership meetings and Partners in Prevention Conference
